## KEEN INTEREST AT WASHINGTON

Carranza Note Creates Stir in Official Circles.

PRESIDENT SCANS CONTENTS

Mexico bluntly questions good faith of the United States government and threatens armed resistance if American troops are not withdrawn at once.

Washington, June 1.—General Carranza's latest note, bluntly questioning the good faith of the United States government and threatening armed resistance if American troops are not withdrawn at once, caused a stir in official circles here only second in tenseness to the interchange of notes with Germany.

A translation of the document, 12,000 words long, was given to the president and he began a study of it at once.

No one in authority would attempt to forecast just what course the president might decide upon.

There was complete unanimity, however, in the belief that there would be no immediate withdrawal of the Pershing expedition.

High officials said the de facto government so far had utterly failed to demonstrate its ability to protect the border against bandits and expressed the opinion that the troops would stay in Mexico until this was done.

It was suggested by some that the belligerent and uncompromising tone assumed by Carranza probably was largely for effect upon the Mexican public and there was little disposition to believe that the de facto government actually contemplated an effort to expel the American army by force. Others took a more serious view.

Negotiations May Continue.

Mr. Arredondo left the impression that his chief did not expect the defiant words of the note to be taken at their face value, when, on handing the communication to Acting Secretary Polk he gave notice that it was not intended as an ultimatum, but as a continuation of the negotiations which have been in progress between the two governments.

Secretary Lansing, who has been absent from his office on account of illness for a week, will study the note carefully in preparation for the cabinet meeting Friday.

There are statements in the communication, particularly with regard to the agreement reached at the El Paso conference, which are in direct conflict with General Scott's understanding of what was included in the unwritten pact.

Secretary Baker, who was absent from the city, and General Scott himself since his return from El Paso have declared that no limitation had been placed upon General Funston by that agreement which would prevent him either from sending additional troops to join Pershing's columns or dispatching new expeditions in pursuit of raiders such as those at Glenn Springs, provided his men followed a hot trail.

## ARMOR PLANT BILL PASSED BY HOUSE

Washington, June 1.—The proposal to establish a government plant for the manufacture of armor plate at a cost of \$11,000,000 was approved by the house, sitting as a committee of the whole, by a vote of 180 to 125.

The house adopted, by a vote of 129 to 100, an amendment increasing the appropriation for aviation from \$2,000,000 to \$3,500,000. This was proposed in the Republican minority program.

NEUTRAL NATIONS LOSE  
121 SHIPS.

Washington, June 1.—Official figures published by the British embassy show that up to the end of April neutral nations had lost 121 ships sunk by submarines. Although the state department has had a vast amount of diplomatic correspondence on this subject in the list appears the name of only one American ship—the Leelanaw, sunk July 25 last year.

Norway was by far the heaviest sufferer with 62 ships lost, Denmark lost 22, Sweden 20, Holland 7, Greece 5, and Spain 4 ships.

SIR E. SHACKLETON.

Fears for Safety of Explorer Are Allayed.

## BRITISH ANTARCTIC EXPLORER IS SAFE

London, June 1.—Lieutenant Sir Ernest Shackleton, the Antarctic explorer, has arrived at Port Stanley, Falkland Islands.

The news that Lieutenant Shackleton was safe reached London shortly after midnight. The message was from the explorer himself and announced his arrival at Port Stanley.

The message said his ship, the Endurance, had been "crushed" in a Weddell sea ice floe last October, but that it drifted until midwinter when he and his party landed on Elephant Island in the South Shetland group.

The explorer left in a small boat with five men a week later to summon help, leaving twenty-two men behind. All of them were well, but in a situation which demands the quickest possible relief.

The message was dated May 31. It said that he left Elephant Island April 24.

The gravest fears had been entertained for the explorer owing to the absence of news from the Endurance.

## ST. LOUIS CROWDS CHEER ROOSEVELT

St. Louis, June 1.—Former President Roosevelt was cheered as he left the Union station for Newark, N. J.

The colonel was cheered when he arrived in St. Louis. He made three speeches, and each one struck the public chord and was cheered.

Every place he went crowds almost stopped his automobile and mobs of people gave him as great an ovation as ever was accorded any one here.

After assailing the "bar sinister" of the hyphen and the anti-preparedness propagandists Colonel Roosevelt turned his attention to the economic struggle in the United States in his address before the Mercantile club.

The colonel emphasized the need of co-operation between business men, labor and the government.

## NINE MEXICANS DIE WHEN TRAINS SMASH

Laredo, Tex., June 1.—Nine persons were killed and thirty-five injured when a northbound passenger train on the Mexican railway collided with a southbound freight train near Rodriguez, Mex., forty miles south of Nuevo Laredo.

Those killed were five trainmen and four passengers, all Mexicans. Several Americans were aboard the passenger train, but none was reported injured.

The passenger train, it is said, had orders to meet the freight at Rodriguez, but continued northward from Rodriguez, colliding with the southbound train on a curve, while both trains were running at high speed.

ADMIRAL MURRAY IS DEAD

Served in Both Spanish-American and Civil Wars.

Washington, June 1.—Rear Admiral John F. Murray, retired, of Boston, died at the naval hospital, aged seventy-six. He was born in Maine, was a veteran of the Civil and Spanish wars and served at the first commandant of Honolulu in 1900.

## CARRANZA'S REQUEST REJECTED UNITED STATES TROOPS TO STAY

Funston Says no Agreement was Reached---Dr. Waite Sentenced to Die in Electric Chair

Perkins says Progressives will Support any Candidate who Stands for Progressive Ideas

Reject Request for Withdrawal

(By United Press)

Washington, June 1.—It has been decided that the United States troops will not be withdrawn from Mexico following Carranza's latest request. Instead the administration will issue a statement within ten days informing Gen. Carranza of the rejection of his request and calling his attention to the misstatements about the Mexican situation in his latest note.

Funston Forestalls Carranza Statement

(By United Press)

San Antonio, June 1.—Gen. Funston has issued a statement that absolutely no agreement was reached during the El Paso Oregon conference. The object of this is undoubtedly to forestall any claims Carranza may make regarding this subject.

General Cavira Brings New Note

(By United Press)

El Paso, June 1.—It is thought that Gen. Cavira, commander of Northern Chihuahua, is carrying a copy of Carranza's note to the United States to Casas Grandes for a conference with Gen. Pershing, but the latter has been instructed not to discuss the withdrawal of United States troops from Mexico.

Policy Toward Mexico Answer Carranza Note

(By United Press)

Washington, June 1.—A general pronouncement of the policy toward Mexico will probably be contained in the administration's answer to Carranza's note in which he demands a withdrawal of the United States troops, and a way will be sought to clear Carranza's misapprehensions. An attempt will be made to show that the expedition does not menace Mexico and that the withdrawal rests solely with Carranza's ability to take the border patrol and handle the situation as it should be.

Prince Edward is to Wed Princess Jolanda

(By United Press)

Paris, June 1.—It is reported that Prince Edward of Wales, heir apparent to the British throne, 22, is engaged to marry Princess Jolanda, 15 years of age, and daughter of King Emanuel of Italy, a girl of rare beauty.

Longshoremen Strike

(By United Press)

San Francisco, June 1.—10,000 west coast long shoremen are on a strike for an increase in wages.

Automobile Licenses

(By United Press)

St. Paul, June 1.—Receipts from the sale of automobile licenses for the month of April amounted to \$11,902, according to the secretary of state.

Bids for Support of Woman's Party

(By United Press)

Chicago, June 1.—The republican, democratic, progressive and prohibition parties will bid for support from the women's party in the 1916 presidential race. Speakers from each of the four parties will address the women's party. Starting June 5 women's suffrage resolutions will be introduced for the consideration of each of the parties.

Hartman Gave Orpet Abortive Medicine

(By United Press)

Waukegan, June 1.—Joseph Hartman, the phantom witness, confessed he gave Wm. Orpet abortive medicine when Orpet came to him and told him of the girl's condition. The defense will credit the Hartman statement.

A Suicide Pact the Girl is Dead

(By United Press)

Providence, R. I., June 1.—Beatrice Walter, a 19 year old girl, was found dead with a bullet in her breast, and her sweetheart, Jas O'Brien has been placed under arrest. O'Brien says both decided to suicide and that the girl succeeded while a belt buckle prevented him from carrying out his first intention, and the police give the story credence.

Dr. Waite Sentenced Die Electric Chair

(By United Press)

New York, June 1.—Dr. Waite has been sentenced to die in the electric chair during the week of July 10. He thanked the court for the manner in which the trial was conducted and said he was sorry he had nothing to give but his life as a reparation for his crime.

## Two Heroes of France

GEORGES CARPENTIER AND LIEUT. NAVARRÉ

George Carpentier, heavyweight champion of Europe, whose last notable exploit in the ring was his quick defeat in London of Gunboat Smith, is here shown with Lieutenant Navearre, whose fame as an aviator has spread over all Europe. He and Lieutenant Guyonemer are the best aviators of the French army. But so great has been the work of Carpentier recently that he, too, has become a hero. His record is approaching that of the better known men.

LORD KITCHENER.

Is Severely Criticized by Winston Churchill.

Photo by American Press Association.

London, June 1.—Lord Kitchener, head of the British war office, was made the target for the harshest criticism heard in commons since the beginning of the war when Colonel Winston Churchill, former first lord of the admiralty, arose to discuss a motion to reduce Kitchener's salary.

Churchill charged the war office with "grave mismanagement," "inefficiency" and "defective organization."

"For every six soldiers in the British army we have but one rifle leveled at the enemy," declared the former admiralty chief.

## GERMANS PRESSING ON

(By United Press)

Berlin, June 1.—The French are preparing to surrender Hill 304, several positions on the hill which heavy fire demolished have already been evacuated. From Hancourt to the Meuse the Germans have been steadily pressing on with daily gains, the French desperately, tenaciously resisting but falling back. The most furious French counterattacks with heavy sacrifices of men resulting in only temporary successes, the Germans pressing on after each check.

THREE HUNDRED THOUSAND FRESH TROOPS AT VERDUN

(By United Press)

Paris, June 1.—The Germans have put 375,000 fresh troops into action at Verdun during the week, and five German divisions engaged both banks of the Meuse. Since February a million Germans have been in action around Verdun.

## ITALIANS EVACUATE

(By United Press)

London, June 1.—Newspaper dispatches from Rome say that the Italians have evacuated the fortified town of Asiago before the Austrian advance.

## GERMAN ATTACK REPULSED

(By United Press)

Paris, June 1.—An official telegram says the Germans have attacked the eastern slopes at Deadman's hill and have been completely repulsed.

## MUST HAVE UNITED PARTY

Then Justice Hughes Might Accept Nomination.

Chicago, June 1.—John Callan O'Laughlin, in a special dispatch from Washington to the Chicago Herald, says, in part, that from a friend cognizant of the views of Associate Justice Hughes the following was obtained as to his position with reference to the Republican presidential nomination:

Mr. Hughes will accept the nomination only if he is convinced that he will be backed in the election campaign by an united party.

Mr. Hughes will decline the nomination if it should become apparent that he will not have general support from the Republicans and Progressives.

## FRENCH TROOPS TAKE OFFENSIVE

Make Spirited Attack on German Positions.

ACTIVITY ON RUSSIAN FRONT

Petrograd Reports Loss and Recapture of Some Ground—Austro-Hungarians Continue Their Successful Drives Along Italian Front.

London, June 1.—The lake region south of Dvinsk on the Russian front again is the scene of heavy bombardments. On the Volhynian front and along the Dniester border there is increased activity by the Teuton and Russians.

Petrograd reports the capture of a Russian position in the region of Diabakr, but says the Russians in a counter attack ejected the invaders.

French troops northwest of Verdun have turned on the offensive against the Germans and in a spirited attack have captured a strongly organized position southwest of Le Mort Homme. Seven machine guns and 225 prisoners were taken in the attack, which was the only infantry fighting reported in the latest French official communication.

## ITALIANS LOSING GROUND

Are Offering Strong Resistance to Austrian Advance.

Berlin, June 1.—The Austro-Hungarian advance has been carried further in the region of Asiago and Arserio and the Italians have been driven from Gallo and the heights to the northward, according to official statements. Two positions have been captured by the Austrians.

Since the beginning of the Austrian drive 30,388 prisoners have been taken and 694 officers and 298 cannon have been captured.

Under the lead of Crown Prince Charles Francis the Austrians are forging ahead, says the report of the activities on the Italian front. A consolidation of the troops of the Austrian forces west of Asiago forced the abandonment of Punta Corbin.

The desperate efforts of the Italians to capture positions south of Battler failed.

The railroad station and military establishments at San Giorgio were hit four times by bombs hurled from Austrian aeroplanes.

Successes reported by the Austrian forces practically are admitted in an official statement sent out by the Italian war office.

## COUNT TISZA SEES PEACE POSSIBILITY

Berlin, June 1.—Count Tisza, the Hungarian premier, known as the "strong man" of Austria-Hungary, in an interview, accorded to a correspondent of the Berlin Tageblatt, expressed himself very cautiously with regard to the prospects for peace and on the situation so far as the readiness of Germany and Austria-Hungary is concerned.

"But," said Count Tisza, "the entente is yet unwilling to draw the consequences from this situation."

The premier made a sharp distinction between subjective and objective pre-condition for peace negotiations, saying:

"The objective preconditions for peace negotiations, which long have been existent for the central powers, have undoubtedly been strengthened during recent months."

"The final event which we could desire to happen before embarking on peace negotiations is now occurring in the expulsion of the Italians from Austrian soil."

"From the moment when we destroyed the aggressive intentions of our adversaries we made no secret of our willingness for peace."

## CAMPAIGN FOR BETTER ROADS

Speakers to Make Tour From Chicago to Seattle.

Chicago, June 1.—The National Park Transcontinental Highway association has begun a campaign to improve roads between Chicago and Seattle.

Members of the association will tour the roads to the west, leaving Chicago on June 4, making speeches urging the need of good roads.

Among the guests at the luncheon will be a party of automobilists from the state of Washington, who arrived in Chicago Tuesday on a tour in the interest of the good roads movement.

From Chicago the party will go to Minneapolis and St. Paul and then west through North and South Dakota and Montana.

**SCHOOLS COME AND SCHOOLS GO**  
But the Little Falls Business College Stays—There is a Reason

For fourteen years the Little Falls Business College has been serving the people of Central Minnesota in a manner that has brought success to its hundreds of students and to the college. During these fourteen years fourteen business colleges have been started in the territory served by the Little Falls Business College and today there is not a one of them in existence. They have all closed their doors. There is a reason why they have closed their doors. The men who own the Little Falls Business College spend all of their time right in the school with the students. They are men of long experience both in business and in school. The students get the benefits of the owners' experience. The owners of any school can and will do more for their students than salaried employees.

The Little Falls Business College and its owners are well known throughout the northwest on account of the long years of service in this section of the country and on account of the success of their students.

The Little Falls Business College is a modern business school with ten thousand dollars' worth of the best college equipment that money will buy. You get the very best. You are not talked into short courses just for your money. You are given courses that are of sufficient length to make you the greatest possible success. Your success is of a great deal more importance than the length of time it takes to complete your course.

A young man from Brainerd entered the Little Falls Business College last September and now he is holding a \$75-a-month position. A young lady from Brainerd entered the Little Falls Business College last September and has been holding a splendid bank position for the past five months. These are the kind of records of Brainerd young people in the Little Falls Business College. Ask any of your many friends who have attended the Little Falls Business College and they will all tell you to attend an old reliable college that is here this year and that will be here next year. They will all tell you to go where you know what has been done for others and what will be done for you. They will tell you to get your education from men you know—from men who have spent years in your community and are successful business men.

You will attend college but once in your life-time to get a thorough business education. You cannot afford to make a mistake. You cannot afford to even take a chance on making a mistake.

You want what you pay for. You want to be sure you will get what you pay for. You want a good business and stenographic education and the place to get it is at the Little Falls Business College. 3061f

**Table Forks.**

The use of forks at table is comparatively modern. According to the Italian priest and scholar Peter Damiani, who lived in the eleventh century, individual table forks were first introduced into Venice by a Byzantine princess and spread from Venice to the rest of Italy. In France the first record is in an inventory of Charles V. in 1379. As late as the sixteenth century the court use of forks was satirized as a novelty. They are said to have been introduced into England by Thomas Coryate, who visited Italy in 1608, but as late as the English revolution of 1688 few English noblemen possessed more than a dozen.

Farmers to Enter Bankers Corn Contest in St. Paul—Boosting for County Fair

The farmers are all smiling and just a little of the old time weather is the real cause.

Most all of the farmers have got in their corn and potatoes. John Beavers, Dave Erickson, Kert Haselhorst and Cod Kimball all finished May 27. Some had theirs in a little earlier. Small grain looks good.

Beline Boerig finished a seven months term of school in Dist. No. 58 last week and returned to her home in Starbuck. Greta Haselhorst also finished her term of school in Pelican Lake District Friday the 26th. In the evening she had the scholars speak pieces and the parents were there to hear them. They all did fine.

The honors belong to Judd Wright and Al Forsythe for the first to motor over the Brainerd and Pine River road for pleasure this spring, that is from the city. Judd and Al are both pretty foxy. They hung up at Cod K's and let the big car go ahead so the ladies would have dinner all prepared when they struck Emily.

The summer resorters are beginning to arrive at Velvet Beach, kept by Mr. and Mrs. Ike Miller. Two big cars came up from Minneapolis Saturday with ten or twelve people

in them. Today they are out fishing. Velvet Beach is getting to be one of the most popular summer resorts in Crow Wing county on account of the fine beach and the fishing. It is situated on the east side of Pelican lake in the town of Mission.

All the farmers are talking fair, they think this will be a good season for crops to mature. Some of the boys are going to contest for the Bankers prize in St. Paul next winter for corn, not forgetting our own Crow Wing county fair. Cod Kimball has purchased of Jim Elder, one of his best bred Holstein-Friesian bulls which he intends to have entered at our Crow Wing Co. fair this fall.

## SYMPHONY CONCERT WINS APPLAUSE

Third Concert of Year Given Before Fair Sized Audience at Opera House Wednesday

## THE SOLOISTS AND ORCHESTRA

All Contribute to Make Musical Evening of Rare Enjoyment—Edwin Harris Bergh, Conductor

The Brainerd Symphony orchestra gave its third concert for the year last night before a fair sized audience at the opera house. The program included three groups of orchestral numbers, and two songs, a tenor solo by Mr. Benjamin Arnold, and a soprano-baritone duet by Mrs. Geo. D. LaBar and Mr. S. F. Alderman.

The excellence of the performance last night, of which the dominant feature was the mutual sympathy and sincerity of purpose apparent between Mr. Bergh, director, and his musicians, makes it certain that this orchestra, formed and fostered to its present state of efficiency by the purposeful ideal of Edwin Harris Bergh, and which must at present be termed a student orchestra, is the nucleus of a real symphony orchestra of such size and proficiency that Brainerd will one day be proud to have helped and supported in its earlier struggles, and will appreciate as one of its most valuable community assets. Almost the entire violin section is made up of young musicians, earnest, sincere and musically idealistic, and sensitive of their leader's demands.

With such material and with the loyal support of the older musicians who handle the heavier instruments, Mr. Bergh with his peculiar skill in training, is sure to build up a really big symphony organization. It remains for the public to lend the support and inspiration such an undertaking deserves, and to make good the boast that a home talent entertainment means a filled house.

Mr. Bergh is to be commended for persisting in the orchestra idea, so far as to gain the confidence of representative citizens so that next year he will be relieved of the financial management of the enterprise and can devote his efforts to its artistic growth.

The Chamber of Commerce and the Musical club are to be commended for their fine spirit in undertaking the support of an enterprise so well worth while.

The program last night made up of numbers from various composers was uniformly well rendered, but special recognition is due the third number, "Romance" Tobani, in which the excellent work of the cellos was very marked. Also in "Consolation" Liszt, the work of Julius Witham, who so ably sustained the responsibility of concert master in carrying the entire theme, was particularly well done.

The best number so far as the ensemble work of the whole orchestra is concerned was the Andante from Surprise Symphony, Haydn. Miss Cecil Witham at the piano was musically and sympathetic in her accompaniments throughout the orchestral program.

Mr. Benjamin Arnold sang "May Morning" Denza, with a splendid tenor sweetness that won unreserved applause.

The duet by Mrs. LaBar and Mr. Alderman, "The First Song" Goetz was a fitting climax to so excellent a program of music.

The particular beauty and singing quality of Mrs. LaBar's soprano and the rich resonance of Mr. Alderman's baritone gave exquisite expression to this very beautiful song.

Mrs. Walter F. Wieland accompanist.

led Mr. Arnold and Mrs. LaBar and Mr. Alderman in the vocal numbers with the delicacy and sympathy that gives distinction to all her song accompaniments.

## Hot Water and a Glass.

Why does a glass break when hot water is put into it and does not break when it is put into hot water? The hot water inside the glass makes the layers on the inside tend to expand. But they cannot expand, being held fast by the colder outer layers, so they buckle on themselves and the glass breaks.

When, however, we dip the glass into boiling water it is the outer layers that tend to expand. They have room to do it, not being compressed by the inner layers, and they gradually drag these inner layers with them as the heat spreads to the latter. So there is nothing to make the glass break.

The Egyptian Saw.

The saw appears to be the earliest tool that has been traced in Egyptian history. It was found first in the form of a notched bronze knife in the third dynasty, or about 5,000 years before the Christian era, and was followed in the fourth and fifth dynasties by larger toothed saws, which were used by carpenters, but there are no dated specimens until the seventh century before the Christian era, when the Assyrians used iron saws. The first knives on record were made out of flint and were, in fact, saws with minute teeth.

Cartoon By "Billican"

THE BRAINERD SYMPHONY ORCHESTRA

No one will take offense at this cartoon by Wilfred Canan. The latter is "Billican" who drew it and besides, he plays a cello in the orchestra. The original drawing measures 22 by 30 inches and is on display at the Olympia Candy Kitchen, the latter paying for the sketch and cut.

Edwin Harris Bergh, the conductor, looms up rather large, but that was Canan's way of showing how proud Mr. Bergh felt at the success attained by the symphony.

The auditors in the wings are true to life and show that even the stage hands of the opera house have an ear for music and are trying their best to get a good ear full. Music hath charms to even charm a stage hand.

SUSPENDED ANIMATION.

Life That Looks Like Real Death, Yet Revives After Many Months.

One of the most extraordinary manifestations of life is a condition quite common among the lower animals and known as anabiosis, or suspended animation. The creature is to all appearances dead. The most refined means of observation cannot detect a sign of life. The blood has ceased to flow. The nerves no longer respond to any stimulation. There is neither respiration, elimination nor sensation. This state may last a long time, but given the proper conditions the creature will come to life again.

The lower we go in the scale of life the more pronounced is this state of neither life nor death.

Some remarkable experiments conducted by E. Shultz and A. Singot of Petrograd are described by the Berlin correspondent of the Scientific American. The experimenters dried roundworms till they were as thin as paper strips, then cut them into thin slices. When placed in water the tissues swelled to their normal proportions, and the pieces of worm resumed their life just as do those of any worm that is cut up.

They took some threadworms, rotifers and microbes and dried them thoroughly. Kept them thus for eight months, then locked them in an air tight box from which all oxygen was removed and through which a current of pure hydrogen flowed for two weeks. Thus they were not only dried, but effectually deprived of oxygen. Yet on being moistened they "came to life" again quickly. Strangest of all, those that had been locked in the hydrogen chamber revived in fifteen minutes, while those that had merely been dried needed forty minutes.

HILL BURIED ON COUNTRY ESTATE

Remains of Rail Magnate Are Laid to Rest.

SIMPLE SERVICES AT GRAVE

Funeral Was Open to the Public and Those in Attendance Ranged in Station From Railway Presidents to Laborers, Coachmen and Messengers.

St. Paul, June 1.—They buried James J. Hill under the oaks on a fern-clad knoll overlooking the northern arm of Pleasant lake on the estate, North Oaks, whither the magnate oft repaired for searce from the cares of a busy life.

Old keepers of the estate, as their last act for their master, scattered ferns before the casket as it was borne to the burial plot, and the last rain of May pattered upon the grave heaped high with flowers loving hands had brought.

A throng of 500 mourners paid homage to the man's memory at the graveside and in the cortege which followed the funeral car there were 100 automobiles. The only question asked by the gatekeeper was whether the visitor was "friend or employee," and the estate's gates were swung open.

The funeral of Jim Hill was open to the world and those in attendance ranged in station from railroad presidents to laborers and coachmen and messengers.

Thousands at Residence.

From the Summit avenue home, where thousands from the Twin Cities and the Northwest filled the residence, thronged the grounds and overflowed a block on either side of the entrance, the funeral cortege traversed Summit avenue to Dale street, followed Dale street to the Como-Phalen boulevard, thence to the Rice street road, and on to the estate.

Along the route hundreds more bowed their heads as the mourners passed, and at the Dale street shops of the late Great Northern chief the employees crowded the curb to pay their homage.

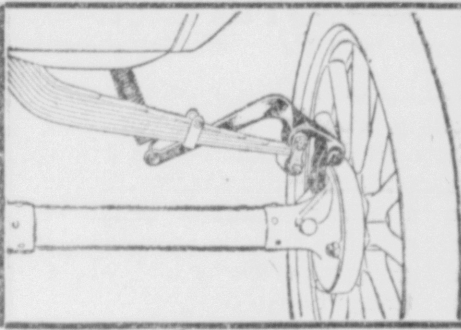

In the first two cars were the pallbearers, including Charles Maitland, the veteran Hill coachman, Robert Minor, favorite negro servant, also rode in the first car.

Then came the funeral car, followed by the automobile bearing the Very Rev. Thomas J. Gibbons, vicar general of the St. Paul archdiocese, the officiating clergyman, and two assistants, Rev. Francis Schaefer and Rev. James O'Hara.

The first rain fell as the pallbearers bore the casket up the slope to its resting place. As the priests began the service the members of the family closed in about the casket, the other mourners following. The simple rite took scarcely five minutes. Shortly thereafter the clergy left and mourners in the first line made way for those in the rear.

FILING TIME HAS CLOSED

Three Democrats Seek Governorship of North Dakota.

Bismarck, N. D., June 1.—The closing of the period for the filing of petitions for the primary election brought several surprises in North Dakota, principal among which was the failure of Leslie Simpson to file as a candidate for congress in the Third district. As a result, P. D. Norton will be nominated by the Republicans without opposition. Herman Midtho of Minot has filed as a candidate for the Republican nomination for United States senator. The three-cornered fight predicted for the Democratic gubernatorial nomination has come to pass, for Halvor Halvorsen of Minot has filed as a candidate. L. A. Platon, D. H. McArthur and Halvorsen will fight it out. The Republican candidates for governor are: U. L. Burdick, Williston; J. H. Fraine, Grafton; George J. Smith, Plaza; Lynn J. Frazer, Hoople.

## LARGE CLASS OF 40 GRADUATES

Graduating Exercises of Brainerd High School at Opera House Evening June 5

### DR. J. E. BUSHNELL SPEAKS

Granting of Diplomas by the President of the School Board—High School Choruses to Sing

The graduating class this year numbers upwards of forty students, and ranks well as a class in general scholarship. The class was very wise at the beginning of the year in the selection of its class president, Alfred Dillan, who is an excellent representative of the best type of high school boy of the present day, ranking high in scholarship, a good general athlete and a good public speaker.

The graduating class includes in its number fourteen normal training graduates, all of whom, this year, will receive first grade state certificates to teach in the rural schools.

A goodly number of the members of the class have already perfected their plans for entering the state normal school, the state university, or some good denominational college.

This year's class have maintained an excellent school spirit and attitude all through the year and have set a good example, both in scholarship and general behavior, to the rest of the school. They have been generous in their donation of a public memorial to the school and in the selection of the same have tried to select something that would be appreciated by the student body rather than some article that would advertise their class.

On Memorial Day they showed their loyal interest in the public school and their patriotic spirit by turning out in a body and marching to the cemetery at the head of the school line.

The following is a partial list of the members of the graduating class:

## "DAMAGED GOODS" STARTLING PLAY

Audience at the Best Theatre Gasp as it Views the Thrilling Situations Unfolded

### PREACHES A GREAT SERMON

Pleads for the Sanctity of Marriage. For Clean Bodies in the Men Who are to Wed

Full houses at the Best theatre yesterday testified to the interest which Brainerd took in "Damaged Goods." True, many gasped at the plain truths pictured. They shuddered at the sight of the hospital inmates, victims of sinful fathers and mothers.

"Damaged Goods" tells some mighty plain truths in the plainest of pictorial language. There is no double meaning. Every man and woman who saw "Damaged Goods" became aware of the awful train of disaster following sin as exemplified in Bible story itself.

The sins of the father visited upon his children, even unto the third and fourth generations, yes, that was the grim destroyer, the keynote of the play, "Damaged Goods."

Some states have a medical examination included before a marriage certificate is granted, for instance Wisconsin, and had George Dupont lived in Wisconsin these days, the unhappy train of disaster following his first sinful step would not have followed and would have saved his babe and wife from a loathsome disease of the streets.

The double standard of morals, the sowing of wild oats, the careless attitude some people maintain in regard to the marriage relation, paying more attention to the financial standing of a prospective bridegroom than to his physical condition, these are things which spell ruin to home and family when a diseased husband and pure wife are mated.

The Best showed to a large matinee this afternoon. Tonight is the last chance to see the play.

### HUBERT

Claud Valieu has arrived from St. Paul and expects to spend a number of weeks at the Hilgedick cottage. Rev. A. G. Patterson returned to his home in Minneapolis the latter part of the week.

M. E. Peters arrived from Burlington, Iowa Thursday. School closed Thursday with a picnic near Hubert lake.

Morris Evans has arrived from Minneapolis and will spend the summer at Minnewawa Lodge.

Mrs. H. W. Linnemann and children came out from Brainerd Friday. Miss Lana Arnold returned to Brainerd Friday.

Mr. and Mrs. Chas. Risk are spending a few days at their cottage at Clark lake.

Mr. Pollock of Minneapolis is spending a few days at Minnewawa Lodge.

Z. B. Clarke and some friends from St. Paul spent several days at the Clarke cottage fishing.

Mr. Chamberlain of Minneapolis, spent a few days at Pukwana Lodge the first of the week.

Mrs. Henry I. Cohen returned to Brainerd Saturday. Miss Eula Michael returned to her home in Brainerd Saturday.

C. M. Patek was here the latter part of the week on business.

## BRAINERD 2, VERNDALE 1

Locals Defeat Visitors in Ten Inning Game, Bush's Hit Scoring Templeton at Finish

### MOLSTAD PITCHED GOOD GAME

Chicken, Formerly of Superior, was on the Mound for Verndale, Given Poor Support

With two out, Brainerd beat Verndale 2 to 1 in a tenth inning rally Tuesday. Bush's hit scoring Templeton. Verndale, blanked until the ninth, had tied the score 1 to 1.

Verndale errors were plentiful, a big drop of them, and Chicken, former Superior pitcher, failed to get proper support.

Molstad, the youngster of Brainerd pitching nine innings of gilt edge ball, was succeeded by Noel, of Western League fame. The score:

Verndale.....000 000 001 0—1 4 6  
Brainerd.....001 000 000 1—2 9 3

Batteries, Chicken and Moore; Molstad and Bloomstrom and Noel and Cannon.

Chicken struck out 11 and gave 1 pass. Molstad struck out 9 and Noel 2. Molstad issued 4 passes.

The game was marked by the fine fielding of Louis Imgrund, who succeeded Bratton in right field and played errorless ball. Bloomstrom, another youngster, caught a good game. Noel and his battery mate blew into the game in the tenth inning.

Excitement was at white heat in the ninth when Verndale tied the score. Moore got a two-bagger, Pettit's hit dusted through Templeton and scored Moore.

In the tenth Verndale nearly scored again. Hodgins and Heed drew bases on balls and with men on first and second Noel went in. Chicken flew to right field. Moore and Fox struck out.

Brainerd came to bat in the tenth. Templeton got a hit. Cook went out, catcher to first. Benda struck out. Bush's hit saved the day and brought in Templeton and the game was over. It was one of the best games seen on the local diamond.

### BRAINERD'S ODDEST STORY TODAY

This one is on the reporter himself and is only published as a measure of protection to preserve him from further injury while crippled. On Sunday he attended the Brainerd Rifle club shoot and accidentally bit the target on several occasions.

On the way home the party marched up the Beare hill which is grassy, slippery and has a 50 percent grade. The reporter carried his wheel, Sunday news papers, 100 rounds of ammunition, his three scores cards, gun, etc.

He got half way up the slope and one foot slipped and he sprained his right leg which flapped uselessly in the breeze.

A one-legged man can never travel up a hill, especially one as steep as at Beare's. But he can go down hill. The reporter department fell backward, rolled down the hill like a porcupine and down at the timber line hit a tree a resounding whack. The shock set the leg and the reporter caught his breath and marched up the hill again.

Today the limb is badly swollen. Thursday he joins the Elks. The prayers of the faithful are invited.

### GREGG SHORTHAND

Special arrangements have been made to teach Gregg shorthand at Brainerd Business College.

### GOOD COMPANIONS.

It makes no difference, in looking back five years, how you have been dieted or dressed or lodged, whether you have had gardens or baths, have been carried in a neat equipage or in a ridiculous truck. These things are forgotten quickly and leave no effect. But it counts much whether we have had good companions in that time almost as much as what we have been doing.—Emerson.

### Roads in France.

In France there are four classes of roads, respectively fifty, forty, thirty and twenty-five feet wide.

### STORE'S ANNUAL PICNIC

Store Force of H. F. Michael Enjoys Event at Gilbert Lake on Wednesday

The store force of the H. F. Michael Co. had their annual picnic last night at Gilbert lake.

The rain had no terrors for the twenty employees and friends who took the Mansuras bus to the dam and walked over to the Holmes' place where a sumptuous picnic supper was served.

The evening was spent with music and games.

Mr. Beale the popular manager of the store, together with Mrs. Beale chaperoned the party and W. I. Bland of Wadena was a guest.

In spite of the rain everyone declared it the best picnic yet and all arrived home tired but happy.

## BUSINESS COLLEGE OPENS ON MONDAY

Over Forty Pupils Signed to Take the Varied Courses at the Opening with More to Follow

### BEST INSTITUTION OF ITS KIND

New School has Quarters on Third Floor of Iron Exchange Building—Being Put in Shape

Brainerd's business college, under the management of Messrs. C. H. Berhorst and S. P. Randall, will open its doors to at least forty students next Monday evening at 7:30 o'clock when those enrolled will be instructed in the etiquette of an up-to-date institution teaching the latest methods of commercialism. With the endorsement of the Chamber of Commerce and the cooperation of every wide awake citizen the enrollment of students has been carried on steadily with the result that over forty pupils have been signed up to take varied courses with the outlook bright for a large number joining within the very near future.

The management of the school have secured the services of Professor M. T. Patey of Nashville, Tenn., who will take up the active management of the school having charge of all departments. Professor Patey is a graduate of Draughon's Business College at Nashville, Tenn., and has several years of experience in both teaching and actual business training. President Jno. F. Draughon in recommending Professor Patey, stated, "Brainerd is getting one of the highest class men it is my pleasure to recommend, and a man who will be an asset to any community." The management feel highly gratified in having secured Professor Patey's services.

The shorthand department will be in charge of Miss Sadie M. Transeau who comes from Ransom, Minn. She is qualified to teach both Gregg and Graham-Pitman shorthand being an expert in both systems. This arrangement will allow any young man or woman the opportunity to complete their studies that were started in the public schools or partially finished at other colleges.

The school will be opened in the large hall on the third floor of the Iron Exchange building, formerly occupied by the Knights of Columbus. Here individual tables have been arranged with comfortable chairs so as to give the best light and ventilation to each student. A banking department will be a feature of the school where actual banking transactions will be carried on using specially prepared currency in the form of blank notes, etc.

Fourteen typewriters will be installed at the opening but others will be added as fast as the enrollment of pupils demands. An adding machine will also be a part of the regular equipment on which the pupils will be instructed to add, subtract, multiply and divide. Every short cut known to the business man will be taught as part of the regular course.

Both day and night classes will be taught so as to provide for the convenience of those boys and girls who are employed during the day. In speaking of the establishment of the school at Brainerd, C. H. Berhorst, business manager of the school, said, "Brainerd will be given one of the best institutions it has been my good fortune to organize and I predict that within a very few years, the institution will grow to one of the largest in the state. By opening up at this time we realized that it was not an opportune time, but thanks to the cooperation of the Chamber and many individuals, we have one of the largest classes ever opened with at any point where schools are established. We expect to draw from territory tributary to Brainerd in a radius of 200 miles and Brainerd business houses will enjoy the benefits of our work when we say that over half

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. ## Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor—I want to write you about "Anuric." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Anuric Tablets so I thought I would try them. I took only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Sincerely, Mrs. Wm. Keller.

NOTE: This "Anuric" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great Institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.

Patients having once used "Anuric" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Anuric" in the drug stores of this country, in a ready-to-use form. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood cleanser and alternative that starts the liver and stomach into vigorous action. It thus assists the body to make rich, red blood, which feeds the heart, nerves, brain and organs of the body. You feel clean, strong and strenuous.

## NORTHWEST FREIGHT RATES SUSPENDED

Washington, June 1.—Proposed new class rates from points on the South Dakota Central railway in South Dakota to Chicago, Milwaukee, Duluth, St. Paul and other points, providing in some instances for increases of from 2 to 4 cents, and in others for reductions of from 1 to 5 cents per hundred pounds, were suspended by the interstate commerce commission until Sept. 29. The railroads, it is said, have indicated that they would withdraw the suspended rates.

### SURVIVOR OF PRICE'S ARMY IS DEAD.

Billings, Mont., June 1.—James Pardee, one of the few survivors in Montana of the "left wing of Price's army," is dead at Anaconda, eighty years old. He never rode on a railroad train nor did he ever marry. He was taken a block in a friend's auto once. He possessed a 640-acre farm, with a modern house, where he lived alone. It was a model of neatness.

At the close of the Civil war he neither surrendered nor was captured, but went to Montana and engaged in the cattle business.

### Asks Pardon for Deltz.

Madison, Wis., June 1.—Attorney E. H. Naber of Mayville filed a formal application for a pardon for John Deltz of Cameron Dam, convicted in 1911 of murder. Governor Philipp will hear the arguments in two or three weeks.

### POSTMASTER IS HELD UP

Two Men Secure All His Cash at Point of Gun.

Billings, Mont., June 1.—Montana yeegmen have adopted a new plan for postoffice robberies. Masked and heavily armed, two men, one tall and one short, entered the postoffice at Armells, and compelled Postmaster Mathews to deliver the cash on hand, amounting to \$125. No clue to their identity has been found. The Bank of Buffalo, nearby, was entered the same night, but evidently the robbers were scared away before they could blow the safe. Sixty dollars was taken from the cash drawer, however.

### Victim of "Sleeping Sickness."

New York, June 1.—Dr. Albert Curtis Pervell is dead at his home in Brooklyn of "sleeping sickness" contracted in the Belgian Congo several years ago when he was bitten by a tsetse fly. He attracted the attention of physicians throughout the country by writing an article describing his illness.

## Impossible To Get So Much Motor Car Value For The Money

WE FIND this is the attitude of many people who come into our salesroom—before they know anything about the Maxwell.

Not until the Maxwell is shown and demonstrated to them—until they sit in it and examine the finish—until they ride in it—or perhaps not until they drive it themselves, do they realize what a tremendous value is offered in the Maxwell car.

It is not unusual that Maxwell value should not be known to everyone, because it is uncommon to find such a car for a good margin more than the Maxwell price.

The Maxwell stands absolutely alone in a highly competitive field, for the amount of value it offers for the price.

Appearance—The lines of the Maxwell are decidedly attractive. There is no break in the contour from the radiator to the back of the car. The fenders are gracefully shaped. All metal parts are enameled or nickel-plated. The upholstery is deep and well-finished. From any angle it is a car that the owner can be proud of.

Motor—The engine in the Maxwell car is not equalled by any other four-cylinder engine of its size. And we know of larger and more expensive cars that have less able power plants. The Maxwell engine carries its load through mud and sand or over the steepest grades without a falter.

Quality—The materials in the Maxwell car are the best that can be bought and the workmanship that turns them into finished parts is no less excellent. It is only the large production of the Maxwell factories that makes it possible to put such quality of materials and workmanship into a car selling at the Maxwell price.

Economy—With its other attractive features, the Maxwell is a most economical car to own. Owners get 22 to 25 miles per gallon of gasoline and 8,000 to 12,000 miles per set of tires. And the car is so durably built that repair expense is negligible.

We are sure you want a car such as we have described the Maxwell to be. If you will give us a few minutes of your time we are sure we can convince you that the Maxwell Car is an exceptional value. Come in today.
